PLAIN AND RATCHET BRACES

Patt. No. 24B

21B Plain Brace 8" sweep

22B Plain Brace 10" sweep

8" 13/11 10" 14/8

Bright steel finish with alligator jaws and round, heavily knurled steel chuck. The cap and middle are made from finest selected hardwood.

24B Ratchet Brace 10" sweep

33/6 each

A very heavy duty all-steel brace, with full-clad, ball-bearing head, attractive black and bright chromium-plated finish. The cap and middle are made from finest selected hardwood. (All wearing parts are hardened and are readily renewable.

26B Brace Jaws

2/3 each

Holds normal taper-shank bits and jobber drills. Interlocking alligator type, with polished and painted finish.

A. J. JUBB LIMITED

RATCHET SCREWDRIVERS

9T Ratchet Screwdriver

4/3 each

10T Minor Ratchet Screwdriver

2"	3"	4"	5"	6"	Blade
5/3	5/3	5/9	5/9	6/-	

A small driver to meet the ever-increasing demand for household and electrical use, perfect for plugs, fuses, etc. Polished prime beech handle. (All wearing parts are renewable.)

All sizes with 5/32" dia. blade of Sheffield Tool Steel.

✓ 11T Super Minor Ratchet Screwdriver

2"	3"	4"	5"	6"	Blade
5/6	5/6	6/-	6/-	6/6	

Similar to No. 10T, but with non-splinter, transparent-amber, shockproof handle.

12T Ratchet Screwdriver

3"	4"	5"	6"	8"	Blade
4/11	4/11	5/2	5/2	6/-	

Blades are 1/4" dia., of Sheffield Tool Steel, bright ground finish throughout.

A. J. JUBB LIMITED

13T Ratchet Screwdriver

'A' Size
5/9 each

'B' Size
5/9 each

As 12T, but with blade suitable for recessed head screws.

14T Ratchet Screwdriver

3"	4"	5"	6"	8"	10"
6/-	6/6	7/-	7/6	8/-	9/6

This craftsman's tool has remained mechanically unchanged for over two generations, and is superbly finished.

Blades are 9/32" dia. Sheffield Tool Steel.
(All wearing parts are renewable.)

15T Ratchet Screwdriver

3"	4"	5"	6"	8"
6/6	7/-	7/6	7/9	8/6

Similar to No. 14T, but with non-splinter, transparent-amber, shockproof handle.

16T Ratchet Screwdriver

'A' Size
5/6 each

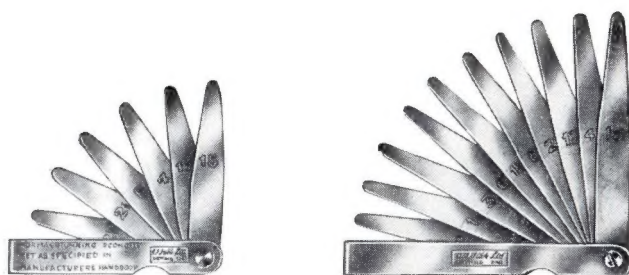

'B' Size
6/6 each

As 14T, but with blade suitable for recessed head screws.

All A. J. J. Ratchet Screwdrivers are carefully inspected and torsion-tested before leaving the factory.

FEELER GAUGES

Very considerable experience has been gained over the past 50 years in producing feeler gauges of every conceivable size and shape. A small proportion of our more popular lines are listed below. We will be pleased to quote for any specials that you might require.

The feeler gauges offered are in three alternative qualities, all made from hardened, tempered, polished, precision steel.

Pat. Nos. 28F to 34F are stamp etched, and the blades are held by a special rivet.

Pat. Nos. 35F to 39F are genuine acid etched, and are specially polished.

Pat. Nos. 44F to 52F have mirror finished blades to B.S.S. and are of the very highest quality.

Stamp Etched

28F	3"- 6 blade.	Motor and Motor	Cycle	
	Gauge	2/11
29F	2"- 4 blade.	Motor Gauge	1/4
31F	3"- 8 blade	3/4
32F	4"- 8 blade	3/11
33F	3"-10 blade	3/8
34F	4"-10 blade	4/3

A. J. JUBB LIMITED

Acid Etched

35F	3"- 8 blade	4/2
36F	4"- 8 blade	4/7
37F	3"-10 blade	4/5
38F	4"-10 blade	4/9
39F	3"- 6 blade. Motorist's Gauge				3/6

Superior Precision Gauges

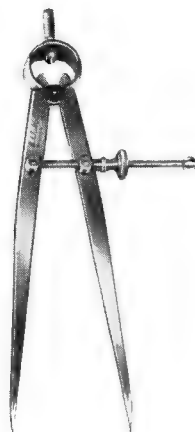

44F	3"- 8 blade	6/2
45F	4"- 8 blade	6/6
46F	3"- 9 blade	6/9
47F	4"- 9 blade	7/3
48F	3"-10 blade	7/-
49F	4"-10 blade	7/6
50F	6"-10 blade	11/6
51F	9"-10 blade	17/6
52F	12"-10 blade	28/-

All A. J. J. Feeler Gauges are available in attractive plastic cases at a small extra charge.

A. J. JUBB LIMITED

SPRING BOW CALLIPERS AND DIVIDERS

With Solid or Quick Action Spring Nut.
All our Spring Bow Callipers and Dividers
have specially heat-treated points, and are
beautifully hand polished.

60C Spring Bow Inside Calliper

3"	4"	5"	6"	8"
5/3	5/6	6/6	7/-	11/6

Precision made with springs of special
alloy steel. All parts renewable. (With
solid nut.)

61C Spring Bow Outside Calliper

3"	4"	5"	6"	8"
5/3	5/6	6/6	7/-	11/6

As No. 60C, also with hardened and tem-
pered points. (With solid nut.)

A. J. JUBB LIMITED

62D Spring Bow Divider

3"	4"	5"	6"	8"
5/3	5/6	6/6	7/-	11/6

The same high quality as Nos. 60C and 61C, fitted with knurled finger peg to facilitate easy describing of circles, etc. (With Solid Nut.)

64C Spring Bow Jenny Calliper

4"	5"	6"
6/-	6/9	7/3

An improvement on the solid type jenny calliper, and, in keeping with all A. J. J. Springwork, the wearing parts are renewable.

We do not manufacture 3" callipers and dividers with a quick action spring nut as they have a very short screw, and very little saving of time can be achieved by their use.

70C Spring Bow Inside Calliper

4"	5"	6"	8"
7/9	8/11	9/3	11/9

With quick action spring nut.

71C Spring Bow Outside Calliper

4"	5"	6"	8"
7/9	8/11	9/3	11/9

With quick action spring Nut.

72D Spring Bow Divider

4"	5"	6"	8"
7/9	8/11	9/3	11/9

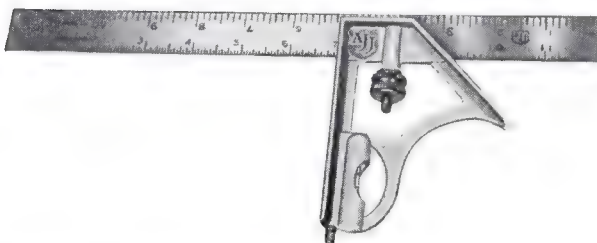

With quick action spring nut.

CRAMPS, SQUARES, ETC.**Y999 Sash Cramp**

18"	24"	30"
15/-	16/-	17/-

Infinitely adjustable from nought to 18", 24" or 30". Strong steel section bar with maleable fixed and sliding heads. Attractively painted and polished finish. This cramp has innumerable uses, especially in this ever-growing "Do-It-Yourself" Age.

**300A Adjustable Combination Square**

7/6 each

A 12" adjustable combination square, complete with scriber and built-in spirit level. An inexpensive square for the joiner and handyman.,

A. J. JUBB LIMITED

249M Steel Socket Set**5/3** each

1, 2, 3, 4, and 5 B.A. hexagon sockets. Supplied on spring-loaded hexagon bar with an attractive plastic handle. Suitable for television and instrument mechanics.

250M Double Vee Spring Loaded Tap Wrench**4/3** each

Hardened and tempered to give long, trouble-free service. (Heavily chromium plated.)

253M Double Ended Scriber**1/3** each

With hardened, tempered, polished points and non-slip knurled body.

254M Single Ended Scriber**9d.** each

With hardened, tempered, and polished point.

255M Plumb Bob 2 oz.**2/6** each

Made from solid steel bar. Heavily chromium plated with brass String nut. Supplied complete with line.

256M Plumb Bob. $4\frac{1}{2}$ " oz.**3/9** each

Similar to No. 255M.

A. J. JUBB LIMITED

SAW FRAMES**Y13 Tubular Hacksaw Frame**

This most popular hacksaw, like so many craftsman's tools, has remained unaltered in design for many years. It is very rigid, and has a special thumb clip that gives a positive, comfortable left-hand grip. Attractive stove-enamelled handle and chromium plated frame. Individually packed.

Price : 13/11 each

**501S Heavy Duty Coping Saw Frame
Plastic Handle**

5/6 each

With plastic handle and blade holders that swivel through 360 degrees to facilitate cutting at any angle.

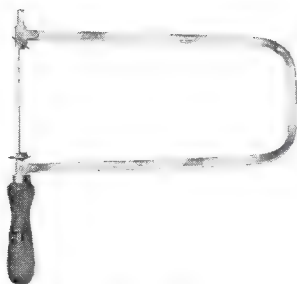

**500S Heavy Duty Coping Saw Frame
Wooden Handle**

5/6 each

As 501S, but with prime polished beech handle.

A. J. JUBBE LIMITED

502S Fret Saw Frame**6/8 each**

A Fret Saw of the very highest quality. Strong chromium plated steel frame, with renewable hardened wearing parts and polished English hardwood handle.

503S Solid Piercing Saw Frame**4/9 each**

The same superb quality as 502S.

505S Minor Saw Frame**4/6 each**

A strong useful 6" saw with plated frame and polished English hardwood handle.

506S Large Padsaw Handle**5/6 each**

Holds hacksaw or padsaw blades. Chromium plated, tubular head, and polished English hardwood handle.
